

CHARTERED
VETERINARY
PRACTITIONER®

Are you passionate about veterinary care and ready to take your skills to the next level?

Join our leading edge online course designed for aspiring veterinary general practitioners to master clinical skills.

“ This course has helped reinvigorate my passion for what I do as a GP and helped me realise that what I do day-to-day really does make a difference to my patients’ and clients’ lives. ”

Dr Rebecca Flegg

Essential Veterinary Clinical Skills

What you'll learn

1. **Clinical Reasoning:** Develop critical thinking abilities crucial for accurate diagnoses and treatment plans.
2. **Clinical Pathology:** Master the interpretation of lab results to guide clinical decisions.
3. **Clinical Nutrition:** Understand the importance of diet in animal health and disease prevention.
4. **Principles of Surgery:** Gain insights into surgical techniques and post-operative care.
5. **Principles of Anaesthesia:** Learn safe administration and monitoring of anaesthesia.
6. **Diagnostic Imaging:** Interpret x-rays and other imaging modalities with confidence.
7. **Emergency Medicine:** Acquire skills to handle urgent veterinary cases effectively.
8. **Critical Care:** Learn intensive care principles to stabilise and manage critically ill patients.

21 modules of
