

CHARTERED  
VETERINARY  
PRACTITIONER®

## Are you passionate about safeguarding our planet and enhancing global health?

Dive into our leading-edge online learning course designed to equip you with the knowledge and skills needed to tackle issues such as social welfare, zoonoses, antimicrobial stewardship, One Health principles, and climate considerations.

“ The stories that have been shared by the vets in this course are incredible! Vets do so much more than the general public realises. ”

Associate Professor Susan Hazel  
CVPI040 Course Teacher

## Understanding Our Role In Society: Professional Responsibilities and One Health

### What you'll learn

- 1. Social Welfare Advocacy:** Explore strategies to improve animal welfare and community wellbeing through proactive social welfare initiatives.
- 2. Zoonoses Control:** Understand the dynamics of diseases transmitted between animals and humans, and learn effective measures to prevent and manage zoonotic outbreaks.
- 3. Antimicrobial Stewardship:** Gain insights into the global threat of AMR, learn responsible antimicrobial use practices, and contribute to combating this major public health challenge.
- 4. One Health Approach:** Consider the interaction between human, animal and environmental health sectors to address complex health issues.
- 5. Climate Considerations:** Explore the impact of climate change on animal and human health, and strategies for mitigation to advocate for sustainable veterinary practices in a changing environment.

8 modules of  
expertly curated  
content

## Why choose our course

- ✓ **CPD Points:** This course is eligible for 50 CPD and may be credited toward the AVA Chartered Veterinary Practitioner professional accreditation program. Receive a certificate upon completion, showcasing your commitment to personal and professional development.
- ✓ **Flexible Learning:** Study online from anywhere in Australia with a cohort of like-minded professionals with 24/7 access to comprehensive modules, practical exercises, and regular facilitated sessions to consolidate your learning and grow your network.
- ✓ **Relevant and Impactful:** Rapidly integrate vital veterinary clinical skills to optimise your day-to-day practice.
- ✓ **Expert Guidance:** Benefit from insights shared by experienced veterinarians passionate about your success.
- ✓ **Practical Application:** Engage in discussions, case studies, and interactive learning activities that simulate real-world scenarios encountered in veterinary practice.

## Who should enrol

Veterinary professionals:

- seeking to advance their general practice training and skills.
- desiring to join a global community dedicated to creating a healthier, more sustainable world.
- interested in the intersection of human, animal and environmental health.
- who are committed to personal growth and career sustainability in the profession.

## Enrol today and become a catalyst for change!

Next course commences September. Call our friendly staff on (02) 9431 5004 to answer any questions and secure your spot.
